

Photobook Awards and Prizes

Listings in this section vary from book dummy prizes where the winning entry is published, to awards for completed First Books. Many Photobook Festivals have photobook awards and prizes that are open to international entries; for others, applications are accepted only from those residing in the country where the event is occurring. Information is also offered on more general awards that celebrate books by subject. Be mindful of deadlines, and all Terms and Conditions of submitting and/or winning competitions.
